	Other Current Assets	51	41
		19987	17388
	TOTAL	37143	36282

Notes :

- The above results were reviewed by the Audit Committee and thereafter were approved and taken on record by the Board of Directors at its meeting held on 27th May 2014.
- The figures for the last quarter are balancing figures between audited figures in respect of the full financial year and the published figure's year to date figures upto the third quarter of the financial year.
- The Company is engaged in the business of steel & steel products such as Seamless Tubes & Rolled Products which in the opinion of the Management is considered the only business segment in the context of Accounting Standard 17 on "Segment Reporting".
- Deferred tax asset is more than deferred tax liability as computed in accordance with the Accounting Standard AS 22, notified in the Companies (Accounting Standards) Rules 2006. The Company, as a matter of prudence has not recognised deferred tax asset.
- The prolonged slowdown in end user industries and weak business sentiment continue to weigh on and adversely impact the performance. However, operating performance of the Company has been improved as compared to previous year. The management has taken steps to reduce the finance cost by infusing fresh share capital, reduction in the rate of interest on borrowings from the bankers and extension of fiscal incentives eligibility which will result into reduction of finance cost and also improve liquidity of the company. Further, it is expected that demand from auto motive, infrastructure and engineering industry will see a pickup from the multiyear lows during the year, resulting in increased demand for company's products. Management expects substantial improvement in utilisation of capacity. Accordingly, the financial statements have been prepared on going concern basis and no adjustments are required to the carrying amount of assets and liabilities.
- As per the Government Resolution No. (GR) MIS - 1022012-593970-I dated 08.07.2013 for extension of time period for the BIFR registered sick unit, these units can avail sanctioned incentive under various Industrial Policies issued by the Industries and Mines Department of Government of Gujarat. Accordingly, the company has exercised the option for the VAT/Sales tax and accounted for the same on the basis of the above stated GR.
- Approval has been accorded by the central government for change of name from Rami Metal Gujrat Limited to RMG Alloy Steel Limited and revise certification of incorporation received on 31.05.2013
- The figures for the previous periods / year has been regrouped / rearranged, wherever necessary, to make them comparable.
